Go Build Tennessee Corporation

**SUMMARY OF AMENDMENT (012947):** Adds language to the proposed legislation which corrects an incorrect statutory reference without making any substantive changes to the legislation.

FISCAL IMPACT OF BILL WITH PROPOSED AMENDMENT:

**Unchanged from the original fiscal note.**

Assumptions for the bill as amended:

- The Go Build Tennessee Act was created by Public Chapter 500 of the 2015 Public Acts, currently codified in Tennessee Code Annotated, Title 4, Chapter 41.
- Pursuant to Tenn. Code Ann. § 4-41-103(b), the Go Build Tennessee Program (GBTP) shall be implemented and administered by a corporation, whose duties shall include, but not be limited to, securing funding to promote and foster the development of a comprehensive statewide program designed to attract and increase career opportunities for secondary and postsecondary students in the construction industry.

HB 1917 – SB 1922

- Pursuant to Tenn. Code Ann. § 4-41-103(c), the corporation shall be comprised of an equal number of representatives of commercial and industrial building contractors and subcontractors, residential building contractors and subcontractors, and road building contractors and subcontractors.
- According to the Department of Commerce and Insurance (DCI), the Go Build Tennessee Corporation (GBTC) received a one-time transfer of \$1,750,000 from the Board of Licensing Contractors (BLC) in 2015, and continues to receive annual payments equal to 50 percent of the total fiscal year fund balance (BLC's fund) from contractor licensing fee revenue, after expenditures.
- DCI indicates that the annual transfers from the BLC to the GBTC since the initial transfer of \$1,750,000 has averaged \$228,301 over the last three years.
- The proposed legislation extends the GBTP for five additional years from July 1, 2019, until July 1, 2024. Extending the GBTP will continue an existing program at current funding and expenditure levels. Therefore, the BLC will continue transferring approximately \$228,301 to the GBTC for each of the five years the program is extended as a result of this legislation
- In the absence of this legislation, the BLC will recapture \$228,301 in annual funding beginning in FY19-20. Under the provisions of the legislation, these funds will continue transferring to the GBTC until July 1, 2024.
- Passage of this legislation will result in an increase in state expenditures from the BLC fund estimated to be \$228,301 in each FY19-20 through FY23-24.
- Pursuant to Tenn. Code Ann. § 4-29-121, all regulatory boards are required to be self-supporting over any two-year period. The BLC experienced a deficit of \$1,824,013.78 in FY16-17, a surplus of \$164,953.94 in FY17-18, and had cumulative reserve balance of \$2,416,253.52 on June 30, 2017.

## **IMPACT TO COMMERCE WITH PROPOSED AMENDMENT:**

### **Unchanged from the original fiscal note.**

Assumptions for the bill as amended:

- The Go Build Tennessee Program was implemented to foster the development of a comprehensive statewide program designed to attract and increase career opportunities for students in the construction industry exclusively.
